

COP3530 Project 2 Group Feedback

GeoPulse Solo Team

Number in group including yourself: 1

Total points available: $1 \times 10 = 10$ points

Name	Strengths	Weaknesses	Points
Guilherme Armin Da Silva Anton	Completed architecture, C++14 implementation, data ingestion, algorithms, tests, benchmarking, documentation, and packaging as the sole contributor.	Working solo limited peer review. Future work would benefit from another reviewer for usability and presentation feedback.	10

Reflection. Because the group size is one, the full project responsibility was assigned to the sole member. The score does not exceed the allowed total of 10 points.
